

In Loving Memory of
HUGH CALDERWOOD,
M.B., C.M., B.Sc.,

Demonstrator of Anatomy, University of Glasgow.

THE Committee of Graduates and Undergraduates of the University of Glasgow, to whom was entrusted the disposal of the Fund collected to raise a Memorial to the late Dr Calderwood, have now the satisfaction of informing the many subscribers that the two objects aimed at have been attained, and the work in connection therewith completed.

The Memorial Tablet, which is of white Sicilian marble, was erected in the Church-yard of Fenwick in the Summer of 1899, and the Window, which has three lights, and is of stained and opalescent glass, placed in the Reading Room of the Students' Union, Gilmorehill, in the following Autumn.

In sending, out of the surplus funds, this "In Memoriam" to each Subscriber, the Committee believe that it will serve as an appropriate and valued memento.

The small remaining surplus will be placed in the hands of the
Directors of the Western Infirmary.

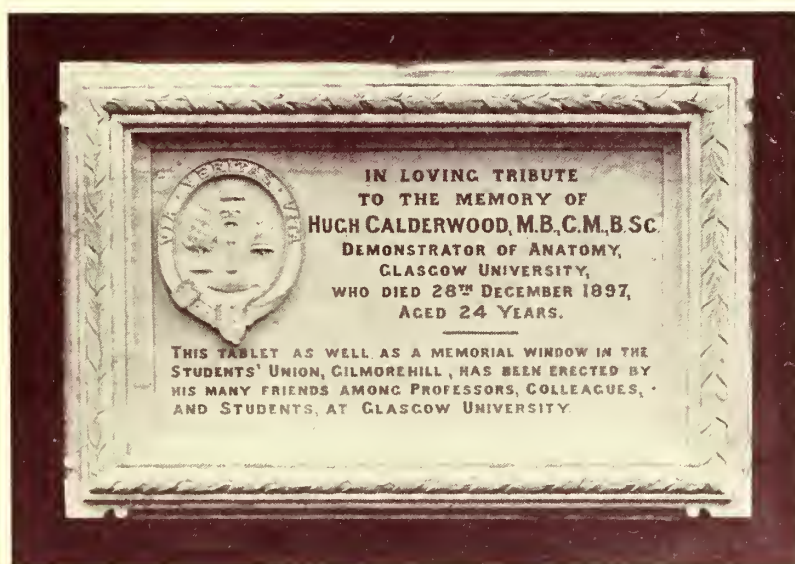

The Committee desire to record their indebtedness to Mr. John J. Burnet, A.R.S.A., Architect, and Messrs. Guthrie & Wells, Limtd., Decorators, Glasgow, as well as to Messrs. M. Muir & Co. Sculptors, Kilmarnock, for advice given, and services rendered.
